### CLINTON HELD POWDER PLANT CELEBRATION

BUSINESS BOOM FOR VERMIL-  
LION COUNTY HERALDED  
FRIDAY EVENING

PARADE IS FEATURE

Thousands Assembled To Celebrate  
Powder Plant To Be Establish-  
ed In Clinton Area

CLINTON, Ind., Nov. 29.—(UP)—  
Citizens and their neighbors from  
nearby cities looked back today  
at a good job of heralding a pros-  
perous business boom for Vermil-  
lion county.

An estimated 5,000 marchers, in-  
cluding 1,000 Terre Haute visitors  
and delegations from Newport, Hills-  
dale, Montezuma, St. Bernice, Rock-  
dale, Dana, Cayuga, Perryville and  
others, joined in a torchlight pro-  
cession last night to celebrate the  
establishment of a \$53,500,000 gov-  
ernment high explosive plant in the  
county.

School bands from Dana, St. Ber-  
nice, Hillsdale and Clinton, the Kri-  
egstein band from Terre Haute, the  
local American Legion Junior drum  
and bugle corps, and volunteers with  
pans, wash tubs and cowbells  
led out the cadence in the line of  
march.

Workers hustled during the week  
to complete painting and decorating  
business houses, for the merchants  
are looking forward to their share of  
\$100 pay envelopes during the con-  
struction period and to a portion of  
the wages of 3,200 permanent work-  
ers.

Holiday decorations were hung  
early this year to form a background  
for the torchlight procession.  
The parade, from which automo-  
biles were excluded as much as pos-  
sible, wound through city streets and  
ended at the high school gymnasium  
at 10 p.m.

With a gymnasium seating capac-  
ity of approximately 2,000, the  
American Legion, sponsor of the  
event, was assured of a full house  
for its minstrel show, which follow-  
ed the parade.

of Putnamville, asks \$2,000 damages  
from the Postal Telegraph Cable

Putnamville by employees of the de-  
fendant company, when its poles  
were moved in the town. She receiv-  
ed her injuries March 18, 1941. She  
claims the fracture of bones in her  
right forearm, a colles fracture in  
the right wrist being one of the in-  
juries. She is represented by M. J.  
Murphy.

#### CALLED BEFORE BOARD

WASHINGTON, Nov. 29.—(UP)—  
Spokesmen for the nation's railroads  
were called before President Roose-  
velt's special fact-finding board to-  
day to reply to compromise labor  
suggestions of a minimum \$1 a day  
wage increase for 1,150,000 railroad  
workers.

The board, which yesterday heard  
counsel for the railroad brotherhoods  
repeat threats of a nationwide strike  
starting Dec. 7 on their demands for  
wage boosts, is to report to Mr.  
Roosevelt Monday.

The suggestion for a minimum  
wage increase of \$1 or 12 1-2 cents  
an hour was advanced by Charles M.  
Hay, representing 350,000 operating  
employees, and concurred in by Frank  
L. Mulholland, counsel for 800,000  
non-operating workers.

### "MOST SEASONABLE" PHOTOGRAPH

This photograph submitted to the  
Treasury Department at Washington  
D. C. by the DePauw University  
Publicity Office, was chosen as the  
"most seasonable" submitted by any  
college and was used in the "News  
LETTER", a regular publication sent  
to all field workers in the defense  
savings staff covering the entire  
country.

The photograph was made by  
Maurice Frink Jr., University pho-  
tographer, during the current foot-  
bal season and shows Miss Jean  
Cooley, Old Gold Day Queen; George

Crane, co-Captain of the Tigers, and  
Warren Brown (left), DePauw half-  
back, examining one of the Defense  
Posters showing the Minute Man.

At the present time there is a  
united effort being made in Putnam  
County to acquaint citizens with the  
opportunities and need for investing  
in defense bonds and U. S. Savings  
stamps. It is headed by Fred L. O'-  
Hair of Greencastle.

The picture is also appearing on  
the cover of the current issue of the  
DePauw Alumni Magazine edited by  
Russell Alexander.

### Sewell Damage Suits Settled

COURT APPROVES ACTION; RE-  
SULT OF AUTO CRASH AT  
MORTON

Damage suits in the Putnam Cir-  
cuit Court, arising from the collision  
of an automobile driven by Mary  
Sewell and another automobile oper-  
ated by Howard S. Overpeck, in  
front of the Starke-Bettis store in  
Morton, on state road 36, July 7,  
last, were settled with the approval  
of the court, Friday. The plain-  
tiffs in all of the suits were repre-  
sented by Rexell A. Boyd. In the  
wreck, resulting from the collision,  
Mrs. Ardilla Sewell, of Russellville,  
received fatal injuries from which  
she died in the Putnam county hos-  
pital two days later.

Milton G. Sewell, administrator of  
the court, through his attorney, filed  
a petition with the court for per-  
mission to settle the claim of the  
estate against Overpeck and his in-  
surers for \$1,000, on the grounds  
that "in his belief grave doubt exists  
as to the exact extent of legal liabil-  
ity which exists against Overpeck."  
The car in which Mrs. Sewell was  
riding was making a left turn off the  
pavement when it was hit by the Over-  
peck car. The court approved the  
petition to compromise.

Similar action was taken in the  
damage suit of Lawrence Sewell  
against Overpeck and in that of Mil-  
ton Sewell against him, each being  
settled for \$100 and costs.

### PROHI ERA GANGSTER HELD FOR VAGRANCY

NEW YORK, Nov. 29.—(UP)—  
Johnny Torrio, top-flight Chicago  
and New York gangster of the pro-  
hibition era, was arrested early today  
on a charge of vagrancy.

Neatly-dressed, prosperous in ap-  
pearance, Torrio had been out of pris-  
on less than a month. His arrest is  
part of a police campaign to make  
New York unpleasant for notorious  
former offenders. Waxey Gordon,  
another prohibition gangster, was ar-  
rested for vagrancy this week.

Torrio was arrested by two de-  
tectives in the Fort Hamilton section  
of Brooklyn and, in a formal com-  
plaint, it was charged that he, "a  
known criminal, has no visible means  
of support." He spent the rest of  
the night in a cell.

In April, 1939, Torrio pleaded  
guilty to evading \$86,000 in income  
taxes for 1933-35 and was sentenced  
to two and a half years in prison. He  
was released early this month.

### WARM SPRINGS PREPARES FOR VISIT BY FDR

PRESIDENT TO PRESIDE AT  
TURKEY DINNER THERE  
THIS EVENING

IS BELATED THANKSGIVING

Banquet To Be Attended By 300 Pa-  
tients, Former Patients And  
Their Families

ABOARD THE PRESIDENT'S  
SPECIAL TRAIN EN ROUTE TO  
WARM SPRINGS, Ga., Nov. 29.—  
(UP)—President Roosevelt sped to-  
ward Warm Springs today to observe  
a "third Thanksgiving" with patients  
at the infantile paralysis foundation  
there.

He reaches his "other home" this  
afternoon, and tonight will preside  
over a belated Thanksgiving dinner  
attended by 300 patients, former  
patients and their families.

The President had intended going  
to Warm Springs for Thanksgiving  
dinner on Nov. 20. The "captive"  
coal mine strike and intensified diplo-  
matic conversations with Japan  
kept him in Washington. He asked  
officials of the foundation to delay  
their observance until November 27.

But again official duties prevented  
him from leaving the White House.  
He then suggested a "third Thanks-  
giving" at Warm Springs.

Before leaving Washington yester-  
day he advised correspondents ac-  
companying him that the Far East-  
ern situation might require him to  
return at any time, although he hoped  
to stay at Warm Springs until the  
middle of next week.

At the dinner tonight, he will  
speak extemporaneously.

While at Warm Springs, the Presi-  
dent will live at the "Little White  
House" a small white clapboard cot-  
tage near the foundation.

Accompanying the President were  
his secretary, Stephen T. Early, Dr.  
Ross T. McIntyre, the White House  
physician, Major-General Edwin M.  
Watson, his military aide, and Basil  
O'Connor, president of the National  
Foundation for Infantile Paralysis.

Survivors are a son, Roscoe W.  
Cook of Wooster, Mass., and the two  
cousins.

tary and treasurer.

### YOUNG MAN SCARED BY BEAR; BUT THAT WAS MORE THAN 75 YEARS AGO

This is the story of a bear that  
roamed in western Clinton township,  
maybe three-quarters of a century or  
more ago, and scared a young man  
into a wild panic. The tale is taken  
from The Greencastle Banner of  
March 19, 1885, and was given there  
as a bit of county history, the defini-  
te date of the happening not being  
given. The Banner said:

"The scene of the story lies near  
the boundary line of Parke and Put-  
nam counties, where it forms the  
western limit of Clinton township."

"It was in the month of June when  
a young man, now a wealthy and in-  
fluential citizen of this community,  
was returning home at night. In  
passing through a little valley, he  
saw in the stream, a short distance  
above the road, a large black object  
of unusual appearance."

"In the darkness of the woods, its  
outline was only dimly visible. It  
lay with a portion of its body in the  
water, as if to cool itself, while its  
head rested on its paws, and its  
tongue, loling from its mouth, fell  
upon the ground. Its breathing was  
quick and could be heard from the  
road."

"The young man was perplexed.  
He had no gun, no dog. Had he passed  
quietly on, perhaps his journey  
would not have been disturbed. De-  
termined to face the danger, he hurled  
a stone at the animal. A sharp,  
fierce growl followed, and with a  
quick movement the beast started  
after the youth in hot pursuit. He  
ran up the hill with remarkable  
speed."

"A cow stood by the roadside, and  
as the chase drew near, her calf be-

came frightened and ran away with  
fearful bellowings. The cow under-  
took to defend her young by making  
and attack upon the enemy as it  
passed, and with her horns she drove  
it from the road. This gave our  
young man time to climb upon the  
roof of a small, unoccupied house  
that stood near the fence by the  
roadside."

"No sooner, however, had he reach-  
ed the roof than his pursuer was  
there, also, and, rearing up, with its  
hind feet on the ground, it placed its  
paws upon the roof of the house and  
with open mouth and fiery eyes,  
growled fiercely between his quick-  
drawn breaths. But the steepness of  
the roof baffled all its efforts to ap-  
proach nearer."

"After many vain attempts, its  
wrath cooled down a little and it de-  
parted at full speed and was seen no  
more. It was some hours before our  
young man descended from his perch  
and hurried home."

"In the morning, with older citi-  
zens, he visited the spot of his adven-  
ture and the footprints of the animal  
proved it to have been an enormous  
bear. The caves of the roof upon  
which he had placed his paws and  
rested its head were over eight feet  
from the ground."

"The animal was probably a wander-  
er from his native woods, far away,  
and was resting its weary limbs in  
the cool water of the brook when  
that adventurous youth came upon it.  
It was never heard from afterward."

(The story as it appeared in The  
Banner in 1885 was signed with the  
initials T. C. W.)

### SAFETY ON HIGHWAYS DEPENDS LARGELY ON INDIVIDUAL MOTORISTS

Safety on the highways is and will  
always be largely a responsibility of  
the individual motorist, determined  
by the degree of self-control which he  
exercises while behind the steering  
wheel, S. C. Hadden, chairman of the  
State Highway Commission, asserted  
today.

The experience of highway engi-  
neers has demonstrated, he pointed  
out, that safeguards provided in the  
construction of roads do not in them-  
selves eliminate accidents. The build-  
ing of divided-lane highways and the  
widening of pavement, shoulders and  
bridges are important contributions  
to the safety of the highway users  
but are not the final answer to the  
demand for fewer accidents and fat-  
alities on the roads.

Highway officials hesitate, he ad-  
ded, to impose speed restrictions since

they feel that speed in itself is not  
hazardous except when abused and  
that excessive limitation of the move-  
ment of vehicles will discourage  
rather than encourage the purposes  
for which the roads are built and  
maintained. Extensive use of speed  
zones imposes a penalty on the ma-  
jority because the few fail to exer-  
cise self-control.

Each employee of the State High-  
way Commission, Mr. Hadden said,  
has been assigned a part in the pro-  
motion of motorist safety both in  
the carrying out of his regular duties  
as an engineer or patrolman and as  
a motorist. The participation of  
every motorist in this safety move-  
ment through the exercise of person-  
al self-control on the highways, is  
invited as furthering the proper use  
and not the abuse of the roads.

### U. S. EXPECTS ANSWER SOON TO JAP TERMS

PEACE OR WAR MOVE LEFT  
SQUARELY UP TO JAPAN  
BY UNITED STATES

BURMA ROAD IS BOMBED

Japanese Air Force Attack Vital  
Highway As Negotiations  
Reach Crisis Point

WASHINGTON, Nov. 29 (UP)—  
Developments in French Indo-China  
today were expected to bring an  
early answer to the stiff terms laid  
down to Japan by the United States  
as conditions for a peaceful settle-  
ment of the far Eastern crisis.

Highest government sources made  
it plain that whatever happens in the  
Pacific is squarely up to Japan and  
that the United States will not com-  
promise its basic principles in deal-  
ing with the problem.

These principles are for Japan to  
get out of China and French Indo-  
China and to preserve a temporary  
status quo in the rest of the Far  
East.

TOKYO, Nov. 29 (UP)—The Ja-  
panese Air force launched its first at-  
tack in many weeks on the Burma  
Road as negotiations with the United  
States reached a point of high crisis  
today.

The Domei Japanese News Agency  
reported that five formations of  
bombers, operating from bases in  
Northern French Indo-China, blasted  
the Burma supply route to China for  
several hours yesterday afternoon.

The attacks were centered upon  
military objectives in the region  
around Kunming, Chinese Terminus  
of the highway, while truck convoys  
on the road south of Kunming were  
heavily strafed. The highway and  
military supply depots, it was claim-  
ed, were damaged.

(An American volunteer air force  
of 500 pilots and mechanics and 209  
war planes is standing by in Yunnan  
to protect the Burma Road, Shanghai  
reported. It was not known whether  
the planes went into action against  
the Japanese raiders. Foreign mili-  
tary sources at Shanghai thought the  
planes would carry out fighter pa-  
trolls of the road to ward off virtual  
unanimity indicated that the climax  
of Japanese-American negotiations is  
at hand.)

Authoritative quarters have re-  
vealed that Indo-China is the poten-  
tial tinder-box of the Far East. Omin-  
ous Japanese troops and naval move-  
ments there and in the South Pacific  
have indicated a possible attack on  
Thailand to the westward. Such a  
move would jeopardize China's life-  
line—the Burma Road—as well as  
putting Japanese in more favorable  
positions for possible attacks upon  
Singapore, the East Indies or the  
Philippines.

If the situation quiets down, it  
may be taken as an indication that  
the Japanese are giving earnest con-

### CONDEMNATION SUITS UP IN PUTNAM COURT

The approach of the completion of  
the improvements of the National  
road in Putnam county west of Put-  
namville appears to be the reason for  
the acceleration of some con-  
demnation suits in the Putnam Cir-  
cuit Court, arising from the changes  
made in the line and width of that  
road. In the condemnation proceed-  
ings of the state against Jay R.  
Riggs, Wm. P. Tarvin and Fred  
Tiffel, the state withdrew its objec-  
tions to the report of the viewers.

In the condemnation of land owned  
by Clarence M. Boley, the court set  
March 16, 1942, as the trial date for  
the suit against James O. Bowles,  
and January 26, in the similar suit  
against George F. Bowles; and Janu-  
ary 29 in the proceedings against  
Charles A. Heath. In all of these  
condemnation cases, the state is be-  
ing represented by Caleb J. Lindsey,  
deputy attorney general of the state.

The situation therefore remained in a state of high tension, with any fresh Japanese aggressions likely to touch off a series of explosions involving not only the United States and China but Great Britain and the Netherlands East Indies.

Tiger Cubs Win Red Hot Contest  
From Connersville Quintet, 47 To 43

Greencastle's Tiger Cubs, smarting under two straight setbacks in as many weeks, bounced back into the win column Friday night at the local gym when they took the measure of the husky Connersville high school basketball team, 47 to 43.

The contest was fast and replete with action. In fact scoring was so speedy at times that it hurried the boys in the press box to catch up with who made what points. The only dull moments in the sizzling encounter were when one squad or the other took time out to catch their breath and talk over what to do next.

Handicapped by the size of the Spartans, the Tiger Cubs had to fight twice as hard as the visitors to emerge the winners. Goodman made the first point of the battle, a free toss and Grimes, who was "on the beam" and "in the groove" Friday evening, registered a field goal to make it 3-0, Greencastle. Incidentally Grimes collected a total of 15 points during the fray which is plenty good in anybody's league.

Storch, Lynch and Foreman connected for the Spartans and Connersville led. The tilt was nip and tuck until the quarter gun with Coach Mose Pruitt's proteges holding an 18 to 13 advantage.

Coach Chet Elson sent in York and Westfall to relieve Goodman and Huestis. Foreman dropped in a couple of foul throws and it was 20 to 13. York, Westfall and Grimes trailed for the Cubs and Greencastle trailed by two points. Up and down the floor the two quintets raced and shortly the count was knotted at 22-all as result of an underbasket loop-er by York. It was then tied at 24-24 and 26-26. Storch hit from out on the floor and the half ended with Connersville leading, 28 to 26.

Stuckey rang the bell to open the third quarter and it was 30 to 26. Connersville. Houck and Westfall agitated the draperies to even the proceedings at 30-30. York brought the excited crowd to its feet with a bucket that put the Cubs ahead, 32-30. Lynch's free attempt was good and then Koons' basket gave the Spartans a 1-point edge.

The two outfits raced up and down, and back and forth with Greencastle going ahead, 38 to 37 as the period expired. Westfall and Grimes got the range soon after the final quarter got underway and the Tiger Cubs forged into a 42-37 lead, never to be headed by the valiant band of visitors. York and Goodman featured in the closing minutes of scoring for the local netters. The Spartans, living up to their nickname in every sense of the word, fought hard to close up the gap. Koons' field goal with less than a minute to play completed the fireworks for the evening, and Greencastle's athletes left the hardwood court the winner by a 47 to 43 decision.

Coach Moffett

Meet Wisconsin  
Quintet Tonight

The opening curtain of the 1941-42 basketball campaign will be raised this evening on the hardwood floor of Bowman Memorial Gymnasium when Coach Tubby Moffett's DePauw quintet inaugurates the new schedule against a powerful cage squad from Lawrence College, Appleton, Wis.

Building his attack around four returning starters from the previous year's quintet—Max Biggs, All-Conference center; Joe Prewitt, guard, and George Crane and Don Jones, forwards—Coach Moffett has also uncovered three promising sophomore cagers in Wally Etcheson, Wayne Heiber, and John Wittlich.

Coach A. C. Denney's ten man Lawrence aggregation moved into Greencastle Saturday morning boasting the best prospects of any Viking squad in recent years.

Seven returning lettermen and three outstanding sophomores are on hand to spark practically the same outfit which stretched a nine game consecutive winning streak at the outset of last season's campaign.

Concluding a month of heavy preliminary practice, Denney has indicated that he will open with four juniors and a sophomore in his starting lineup.

On the other hand, the Bengal quintet seeking to duplicate their winning play of last season appear set to answer the opening whistle with Jones and Etcheson, forwards, Biggs, center, and Prewitt and Doolley working at the guard posts.

The tilt is scheduled for 7 o'clock to make way for an All-University dance at which members of the Lawrence team will be honor guests. DePauw makes its initial bid for the Indiana Conference title Tuesday night entertaining Rose Polytechnic Institute of Terre Haute as its first conference opponent.

## HAD LAUNDRY HERE

Some of the residents of Greencastle recall Charlie Hong, a Chinese laundryman who had his shop in the old Hill block, southwest corner of Jackson and Washington streets in 1893. Charlie had allowed bad luck to slip upon him at Paducah, Ky., when he took into wedlock with himself a white woman. But when he came to Greencastle he left his wife down there and trouble came out of the situation, after a while.

Mrs. Hong began writing letters to The Banner Times, telling that newspaper of her husband's shortcomings, which complaints the newspaper put into print.

Mrs. Hong said she did not want to live with her husband but that he had treated her so mean she wants to make him smoke for it and that all she wants is money. Charlie gave his defense that his wife had been acting crazy and that he couldn't stand anything like that; that he formerly operated a laundry in Paducah but that his mother-in-law "ate it out." He offered to send her a railroad ticket to come to Greencastle to live with him but he wouldn't send her a cent of cash, he said.

## IN MEMORY

In memory of Morris W. Keyt, who passed away five years ago today, Nov. 29th.

The call was sudden, the shock severe. We little thought such grief was near.

Only those who have lost can tell. The pain of parting without farewell. And while he rests in peaceful sleep, His memory we shall always keep.

Rev. Bigler said, "When people come to forks in the road they must exercise the gift of free choice in order to know which road to take. In order to know which road to take we must know where we want to go. Each of us will choose a good in our life or some supreme ideal which we uphold above all others. We have the ability to make a free choice of a supreme ideal and we don't take it. Whether or not our supreme ideal will bring us happiness and furnish us values we are looking for depends on our choice. Three values with adequate quality are the good, the true, and the beautiful. The greatest ideal of beauty is the ideal of a beautiful character. Without all three ideals we cannot live the life God intended us to live.

Religion is for young people for one particular reason; but it is also for all ages, races, nationalities, and kinds of people. The one particular reason young people need religion is to help them set up high standards for a better, more fruitful life so that when all other things are blown asunder they will have something to stand on."

The junior play presented Wednesday evening, November 19, was a huge success. The crowd was in a gale of continuous merriment all evening. The characters all did very well and many compliments were piled on the junior class for their excellent play.
